Thank you for your interest in our Thoramet VATS Instrumentation. Our commitment is to develop, manufacture and sell the finest surgical instruments made with pride for the Thoracic Surgeon.

Our Thoramet brand of instruments have a specially designed box lock to help facilitate more intercostal movement than traditional box locks. Our box lock design also helps the surgeon with far better tactile feedback than newer inline shafted models. This elongated box lock provides the best of both worlds – an MIS approach with maximum strength and tactile feedback all while being easy to be cleaned and maintained.

We are also continually adding new patterns to our instrument line. An organization committed to supporting surgeons who are interested in developing procedures and techniques that help facilitate more Minimally Invasive Approaches. MIS procedures that benefit the patient are our passion. Don't hesitate to approach us with new ideas or products needed to move your care of the surgical patient further.

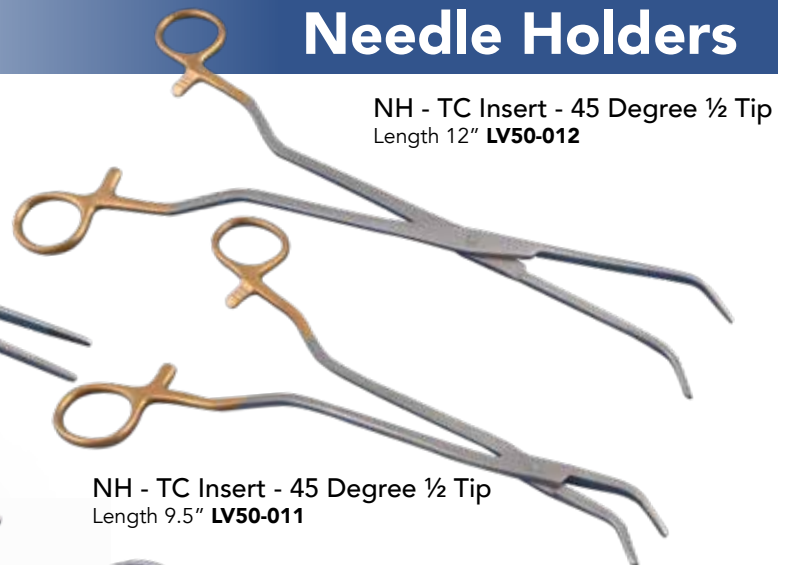

Our design and manufacturing capabilities enable us to respond efficiently, to insure a high, uniform level of quality and product consistency, year in and year out. Regardless of the manufacturing process or location, all THORAMET products are subject to our own rigorous Quality Assurance inspection, providing you, the Thoracic Surgeon, with the utmost level of confidence.

Needle Holders

NH - TC Insert - Straight Tip
Length 12" **LV50-002**

NH - TC Insert - Straight Tip
Length 9.5" **LV50-001**

NH - TC Insert - 45 Degree 1/2 Tip
Length 12" **LV50-012**

NH - TC Insert - 45 Degree 1/2 Tip
Length 9.5" **LV50-011**

Scissors

Straight Scissors
Length 9.5" **LV40-001**
Length 12" **LV40-002**

Curved Scissors
Length 9.5" **LV40-011**
Length 12" **LV40-012**

Forceps and Clamps

Curved Tonsillar Forceps
Length 12" LV30-002

Langenfeld Lung Biopsy Clamp
Length 12" LV60-002

Curved Tonsillar Forceps

Right Angle Tonsillar Forceps

Langenfeld Forceps

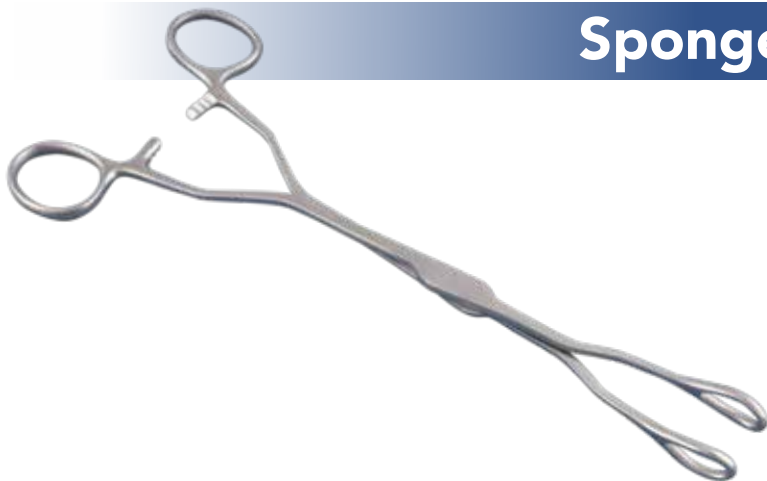

Pennington Forceps

Duval Forceps

Part #	Description	Length	Part #	Description	Length
CV20-001	Pericardial Pick-Up	9.5"	LV30-212	135 Degree 1/2 Tonsillar Forceps	12"
